

New Zealand Certificate in Construction Trade Skills Level 3

Scaffolding Strand

Start your trades career here!
Our 15 week certificate will teach you all the necessary skills to prepare you to be work ready in the wider construction trades sector.

Graduate profile (Outcome)

Graduates will be able to:

- work safely and in accordance with compliance and regulatory requirements in the construction trades sector
- communicate effectively with colleagues and customers within the construction industry
- read and use specifications and drawings to complete simple construction projects
- perform simple calculations to complete a range of familiar tasks in the construction sector

Graduates of the Allied Trades strand will also be able to:

- apply generic construction industry terminology and display job role and inter-relationship knowledge while carrying out allied trades tasks
- identify and correctly use hand tools and materials to complete familiar tasks in the allied trades
- carry out assigned project work for allied trades

Employment/Cultural/Community pathway

Graduates of this qualification will be able to enter employment in trades within the construction industry as a labourer or an apprentice. With additional training and/or experience they may go on to further roles in the construction industry such as carpenter, joiner, plasterer, painter or roofer.

PROGRAMME INFORMATION

Scaffolding Strand

CCT3.014

Scaffolding Workplace Safety Frameworks and Practices

This course aims to introduce students to the legislative frameworks and requirements for workplace safety in the construction industry and requires students to select and consistently apply safe working practices and effective communication skills as they undertake project based work.

CCT3.015

Planning for Scaffolders

Students will identify, read, and use specifications and drawings and calculation skills that underpin effective practice in the scaffold industry.

CCT3.016

Scaffolding Terminology, Compliance and Job Roles

Students will become familiar with and use generic construction industry terminology and display job role and consenting and compliance knowledge to complete familiar tasks in the allied trades.

CCT3.017

Allied Trade (Scaffolding) Project

Students will complete a scaffolding project to industry standards.
