

COMPULSORY STUDENT SERVICES FEE (CSSF) 2025 Update

The Compulsory Student Services fee (CSSF), or Student Levy, is a compulsory non-tuition fee paid by students giving access to support services that assist and enhance their experience while studying with us. All students pay the Compulsory Student Services fee with the fee being invoiced at the same time as the tuition fee.

By Ministerial directive, students and institutes are to work together to set the fee each year and determine the support services to be funded. The directive also specifies what categories of student services the fee can support namely,

- Advocacy and legal advice
- Careers information, advice and guidance
- Counselling services (including chaplaincy)
- Employment information
- Financial support and advice
- Health services
- Media
- Childcare services
- Clubs and societies
- Sports, recreation and cultural activities

How much is the CSSF?

In 2025 the CSSF is set at \$286.00 per equivalent full-time student (pro-rata for students enrolled part time or only doing a half year programme).

What student services does the CSSF fund contribute to in 2024? see more details [here](#)

Counsellor (25% of CSSF)

This service provides students access to free confidential counselling sessions to empower students to fully engage in study. The counsellor is involved in crisis intervention and support, delivering in-class workshops, running wellness promotions and follow up of students with mental illness. Students have access to an ecumenical chaplain providing pastoral and hardship support, a non-judgmental listening ear and support in times of illness, confusion and bereavement.

Health Services (40% of CSSF)

The health services provided include a fully staffed health clinic giving students access as needed to a range of health services in the area of injury, family planning, mental health, immunization, sexual health and health monitoring; the availability of a doctor on campus one day a week free of charge; health promotion events that encourage proactive wellbeing and health management.

Sport, Recreational and cultural Activities (20% of CSSF)

WITT provides a range of free student events, recreation and activities throughout the academic year. The events are structured to support student's wellbeing and success, to connect students and generally have fun. We also have a state-of-the-art gym on campus, Mātātoa, the Fitness Factory, with free membership for students. WITT supports the development of student groups as well as the development of a highly effective student voice and student leadership network. We also offer cultural events and celebration of many diverse cultures of WITT students and mark many key ethnic, cultural and spiritual celebrations.

Careers and Employment Services (15% of CSSF)

WITT provides career development advice and guidance as well as employment information. Career development may start prior to enrolment through to assisting you to work through what you want to do and where you could pursue relevant study. Throughout your study you are supported to develop the skills and attributes that will maximise your advantage in the employment market. You have access to Student Job Search and iwitt for finding employment. Online resources are available to enable you to work independently, or you can attend workshops and have access to one-to-one guidance where necessary.

Note: WITT also contributes financially to the provision of these services

What if I don't use any of the services funded through the CSSF?

WITT offers a range of student services and facilities designed to support students through their study and enhance the student experience. The Student levy makes a small contribution to the costs of these services. The services funded by the CSSF have been determined by the institute and your student reps, as necessary for the student community. Even if a particular student does not use the services funded, they are liable to pay the levy to support the collective provision of these.

How is the CSSF determined and how are students consulted in the process?

WITT is committed to ensuring students and/or their representatives are consulted as regards the levy amount and the support services it is spent on. Finance works closely with the Student Leader Group in this process. Consultation starts in August each year, with CSSF spending reports and TEC documentation being presented to the student leaders. Student Leaders can make the decision on behalf of the student body or request to consult. They do this either through their own class/School networks or via survey. A CSSF survey was not required in 2024.

WITT seeks feedback from students on the quality of support services. Student feedback reports and the institute response is available on iWITT, Student Voice site.

Where can I find out more about the CSSF?

As part of the Ministers directive, institutes are required to report on how the CSSF levy is charged and spent. This information is available on the [WITT website](#). The Tertiary Education Commission has produced guidance information for tertiary education providers. This can be found on the [TEC website](#). Alternately if you would like to discuss the Student Levy with someone at WITT, provide feedback or engage more directly in future decision making, contact us studentvoice@witt.ac.nz
