

A photograph of three students walking outdoors on a paved path. On the left is a young man with curly hair, wearing a black vest over a patterned shirt and black trousers, smiling and looking towards the center. In the middle is a young woman with short dark hair, wearing teal scrubs with a small 'WITT' logo on the chest, smiling and looking towards the right. On the right is a young woman with long brown hair, wearing a black V-neck top and black trousers, also smiling and looking towards the right. The background shows a modern building with large windows and a green roof, and a decorative white pillar with red and black geometric patterns. A teal wavy graphic element is at the bottom of the page.

Te Ara Tiatia Study and Career Guide 2027

Kia ora, welcome

Tēnā koutou katoa, nau mai haere mai
ki Te Kura Matatini o Taranaki.

**Greetings and a warm welcome to the
Western Institute of Technology at
Taranaki (WITT).**

Beginning or continuing your learning journey
is an exciting step, and we are delighted to
welcome you to WITT as you explore the
opportunities ahead.

As the largest tertiary education provider in
the Taranaki region, WITT is proud to offer
a diverse range of high-quality programmes
designed to support learners at every stage of
their educational and career pathway. Located
in the heart of Ngāmotu (New Plymouth),
our campus sits between the iconic Taranaki
Mounga and the rugged beauty of the West
Coast, providing an inspiring environment in
which to learn and grow.

Our experienced tutors and kaimahi are
committed to providing practical, industry-
relevant education in a supportive and
inclusive environment where every ākonga
can thrive. We offer flexible learning options
to suit different lifestyles and commitments,
including full-time and part-time study, blended
delivery, block courses, and workplace-based
learning opportunities.

Whether your passion lies in trades, engineering,
health, business, agriculture, environmental
management, or emerging industries, WITT
provides pathways that equip you with the skills,
knowledge, and confidence to succeed.

We are proud of our graduates, who leave WITT
work-ready and highly valued by employers
across the region and further afield. Their
success reflects our strong industry connections,
commitment to learner support, and focus on
delivering education that makes a real difference.

We invite you to join WITT and take the next
step on your learning journey with confidence,
knowing you will be supported every step of
the way.

Ngā mihi nui,

Nicola Conley
Operations Lead

Student support services

Studying is exciting but it can also bring challenges along the way. We're committed to supporting your success and wellbeing, and making your learning experience as rewarding as possible. Whether you need help with your studies, personal wellbeing, or adjusting to student life, our dedicated support teams are here to assist you every step of the way.

Accessibility support

We are committed to creating an inclusive learning environment where all learners have the opportunity to succeed. We offer a range of dedicated support services for students with impairment or other support needs. Our Accessibility staff work with you and your tutors to identify and arrange appropriate support, including:

- Specialist equipment and adaptive technology
- Ergonomic furniture
- Reader/writers and note-taking support
- Exam accommodations
- Accessible parking arrangements
- Information, advice, and advocacy

Pastoral Support

Pastoral support staff provide a range of cultural and support services designed to remove barriers impacting your ability to succeed in your studies and help you achieve your study goals. Our Pastoral Support Team can assist you with:

- Settling into study and student life
- Studylink, scholarships and hardship assistance
- Cultural and community connections
- Advocacy and problem-solving support
- Referrals to internal and external support services
- Navigating challenges that may affect your study success

Health, counselling and wellbeing services

Your health and wellbeing are important to your success as a learner. Our Health, Counselling and Wellbeing Team provides a safe, confidential and supportive service to help you stay healthy and engaged while studying.

The team can assist you with:

- Stress, anxiety, and study-related pressures
- Mental health support and referrals
- Health and wellness advice
- Building resilience and healthy coping strategies
- Relationship and family concerns
- Crisis support and safety planning
- Connecting with community health and support services

Learning support

Our learning advisors and library staff are committed to helping you achieve your academic goals. They provide guidance and support to build your confidence, strengthen your learning and research skills and help you succeed in your programme.

Study Support can assist you with:

- Developing effective study habits and learning strategies
- Assignment planning and academic writing
- Research and referencing skills
- Time management and organisation
- Exam and assessment preparation
- Digital and online learning skills
- Understanding course requirements and academic expectations
- Accessing learning resources and support tools

Facilities

Industrie Hair and Beauty Salon

One of the benefits of being a WITT student is that you can take advantage of cheap hair and beauty treatments. Our on-campus training salon, Industrie, offers cut-price services by students with guidance by their expert tutors.

Mātātoa Gym

Our modern gym is a large modern space with new equipment, changing facilities and secure bag storage. Membership is FREE for all students.

On-site accommodation

Te Henui Lodge provides modern, spacious secure apartment-style accommodation facilities with managers living on-site. Shared and single rooms are available, and can be either furnished or unfurnished.

Prayer room

Our Prayer Room is a welcoming, multi-faith space for prayer, contemplation, meditation, and personal reflection. All members of our learning community are welcome to use this space respectfully, regardless of faith, belief, or background.

Rainbow room

We value and celebrate diversity and are committed to fostering an inclusive and welcoming environment for all learners. Our Rainbow Room provides a safe and supportive space for LGBTQIA+ students and allies to connect, relax, study, and build a sense of community.

Study spaces, computer access and student lounge

With more than 200 computers available across the campus, as well as our dedicated, modern study lounge (on the first floor of B Block), there is always a time and place to get your assignments done, and relax between classes.

Cafes and restaurants

Te Kāuta Café

Our student space and café, Te Kāuta, is one of the best places on campus. With a variety of seating areas, games, table tennis, Xbox and the popular café itself, this is the place to eat, connect and recharge.

Impressions Restaurant

Our training restaurant, Impressions, has high-quality food and drinks at great prices. Our chef students prepare three-course meals, lunches and degustation dinners which are not to be missed!

Garage Café

A cafe run by students for everyone to enjoy! Garage Cafe is the place to get great value coffee and snacks, prepared by hospitality students and baristas-in-training.

Parking at WITT

WITT offers dedicated student parking free of charge with no time limits. These spaces are in high demand, so availability will vary.

In addition, there are public car parks located near the campus. These may have time restrictions, so be sure to check signage carefully to avoid parking fines.

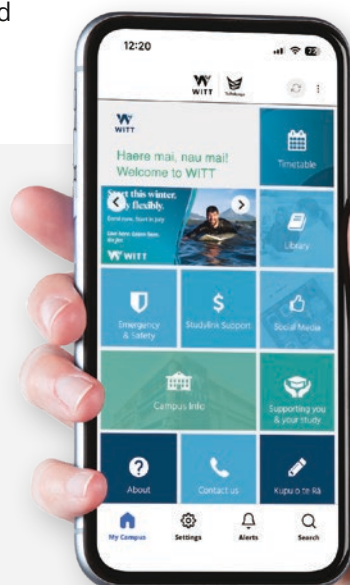

Accessible parking spaces for students with mobility needs are available. To use these, students must display a valid mobility card. If you have any questions about accessing these car parks, please contact the Accessibility Coordinator.

MyWITT

MyWITT is a mobile app for WITT students. It's a single place to access useful tools, support and information that will help you make the most of your study journey.

You'll find personalised timetables, and access to your student email and our online learning platforms. You can navigate around campus with maps, find out about events, access the library, connect with student services and more.

Download the app to your device from Google Play or App Store, or check out the web-based app at <https://my.witt.ac.nz>

SCAN ME

Our campus

New Plymouth

Our campus is located on Bell Street in Welbourn, New Plymouth. This is where most of our classes are held and where our student support services are based.

Financing your study

When you are planning to study at tertiary level it is important to take the time to work out how you will pay for your study and living costs. There are a number of options available to help you.

Māori Pasifika Trade Training (MPTT)

MPTT is a fees-free scholarship offered exclusively for Māori and Pasifika people aged between 16 and 40. Learning with NZQA accredited training organisations with extra support from a dedicated MPTT Coordinator.

Benefits of MPTT

- Approved MPTT scholarships - course fees paid.
- Support from a dedicated coordinator to help you on campus and into a job, apprenticeship or further studies.
- Fun cultural development opportunities and events.
- Make new connections as part of the MPTT group of ākonga (students).
- One-on-one access to Learner Support Funding, to get you set up with what you need to succeed in employment.
- Receive an Independent Learning Plan.
- Extra workshops to support your learning and get you work-ready.

Look out for the MPTT icon in the programme section of this Study and Career Guide.

Scholarships

There are many scholarships available to assist you with your study. [GivME](#) is a searchable database with over 2,000 awards. It is New Zealand's most comprehensive source of scholarship information. Find out more at generosity.org.nz/giv-me

Need a hand?

If you need help with financing your study, StudyLink or submitting your applications, we can help. Book an appointment online at www.witt.ac.nz/make-a-financial-support-appointment/

What to bring to your appointment:

- a RealMe login
- your IRD number
- bank account details.

Youth Guarantee

If you are 16 -24 years old and haven't studied at a tertiary institute before, you could be eligible to study for free with Youth Guarantee. Youth Guarantee is perfect if you are ready to move beyond school but still want to study.

Youth Guarantee includes a full range of student support services to assist you while you study, such as individual learning plans, career planning, advice and mentoring. Entry criteria apply and places are strictly limited. Contact the Youth Guarantee Coordinator on yg@witt.ac.nz or 027 742 7378 for more information.

Look out for the Youth Guarantee icon in the programme section of this Study and Career guide

StudyLink

StudyLink is a service of the Ministry of Social Development (MSD). The service helps students make choices about their student finances, including Student Allowances and Student Loans. For more information contact StudyLink on 0800 88 99 00 or visit www.studylink.govt.nz.

RealMe

You will need a RealMe login to apply online and access MyStudyLink. RealMe is a secure service used by many government agencies and other organisations. For more information visit realme.govt.nz.

Student Loans

A Student Loan can be used to help finance your study. It's made up of three parts – compulsory fees, course-related costs and living costs. The course-related costs part of a student loan help with costs related to your study, for example, stationery, books, computer equipment and travel.

The living costs part of a Student Loan can help with your weekly expenses if you don't qualify for a student allowance. Student Loans have to be paid back. Student loan repayments start when you begin working so it is recommended to borrow the minimum amount required.

Apply early!

Loan and allowance applications can take up to eight weeks for Studylink to process, and longer if you apply in December or January. Applying early gives you time to provide any supporting information and allows you to get your loan application sorted before your first fee payment is due. You can apply to StudyLink before your enrolment is finalised, so it's never too early.

Student Allowances

A Student Allowance is a weekly payment to assist with your costs of living while you study full-time. Student Allowances do not have to be paid back. In general, to get a Student Allowance you'll need to be:

- 18 or over (some 16-17-year-olds can also get it)
- going to study full-time (or limited full-time with StudyLink approval)
- at secondary school or on a tertiary course approved by the Tertiary Education Commission
- a New Zealand citizen, permanent resident or refugee.

As part of a Student Allowance, you may be able to get an Accommodation Benefit if you live away from your parental home while you study, or have a partner and your combined income is less than the threshold. While receiving a Student Allowance you can also work and earn up to a certain amount a week before your allowance payment is affected.

For more information contact StudyLink on 0800 88 99 00 or studylink.govt.nz. Or book an appointment with a Studylink Outreach Officer on campus. More information at witt.ac.nz/financing-your-study

Other help

In addition to helping you while you study, StudyLink may also be able to assist you if you are on a study break and can't find work. This assistance includes help moving from a Student Allowance to a benefit, accommodation costs, ongoing medical and disability costs, work costs, childcare, emergencies, study costs if you are on a benefit and Working for Families Tax Credits from Inland Revenue.

Partnerships

We work with other tertiary providers, industry partners and employers around the motu to ensure our learners have options to pathway into other qualifications, gain industry experience and make valuable employment connections.

Understanding qualifications

	Details	Entry criteria
Micro-credentials	Short courses that generally have a narrow focus recognising skills and knowledge in a particular area relevant to industry. Generally worth between 5 and 40 credits.	Usually industry-specific
Short courses	Can be interest or industry-specific and generally take a few days to 15 weeks and do not usually result in formal qualifications.	Usually open
Certificate	Levels 1 - 4 12 weeks - 2 years Provides an introduction to a subject and maybe a pathway to higher-level study.	Open entry - NCEA Level 3
Diploma	Levels 5 - 6 1 - 2 years 120 credits	NCEA Level 2 or Level 3
Bachelor Degree	Level 7 3 - 4 years 360 credits (Honours: Level 8 480 credits)	University Entrance (unless over 20)
Graduate Diploma	Level 7 1 year 120 credits Allows a degree graduate to study other courses at the same level as their degree but in a different or additional area of specialisation.	Bachelor Degree
Postgraduate Certificate Postgraduate Diploma	Level 8 6 months - 1 year Certificate: 60 credits Diploma: 120 credits Postgraduate study builds on a learner's knowledge and skills after completing a Bachelor's Degree, and prepares them for independent research.	Bachelor Degree
Programmes and courses	Programmes consist of a number of courses. Some programmes consist of compulsory courses while others have a selection of elective courses or a combination.	
Credits	Courses consist of credits, and when a course is successfully completed, the credits will be counted towards the qualification. One credit usually equals 10 -12 hours of learning.	
Levels	Levels indicate the depth of knowledge and complexity of skills required. The higher the level, the more complex the concepts and skills required. In New Zealand, the levels progress from Level 1 to Level 10.	
Entry criteria	Most programmes have minimum entry requirements. Please check specific entry criteria in the relevant programme information.	

Note - programmes may have specific or additional entry requirements. Please visit witt.ac.nz for the most up-to-date information.

Credit for prior learning

If you have extensive relevant work experience but no qualification you may be able to get recognition for your skills and experience. Your experience and skills could give you credit towards your qualification shortening the time it takes to get qualified. See witt.ac.nz for more details or contact the team at info@witt.ac.nz.

Our Programmes

To become an employable graduate, our programmes have been developed by academic and industry experts.

Disclaimer The information contained in this Prospectus is correct at the time of production. WITT reserves the right to cancel or postpone any of the programmes, and shall not be liable for any claim other than the proportion of programme fees that the cancelled portion bears. Some programmes may be dependent upon formal approval from NZQA (New Zealand Qualifications Authority), TEC (Tertiary Education Commission) funding allocation, and the number of enrolments. Fees, programmes, entry and selection criteria, and dates, are subject to change. Please check the relevant programme pages at witt.ac.nz for up-to-date information and full entry regulations before applying to enrol. Information regarding English language requirements is available at witt.ac.nz.

I've always enjoyed crunching numbers and problem-solving, so accounting felt like a natural fit for me. Coming back to study in my thirties felt a little daunting. But it was the right time to invest in myself and my future.

My tutors have been incredibly supportive. I really enjoy learning from people who are so knowledgeable and passionate. They regularly check in with students and are available to provide extra guidance and support.

The support and services available at WITT are excellent. The staff are professional, welcoming, and genuine.

This programme is delivered by WITT
at the New Plymouth campus and with
Te Heru Māpara through wānanga

**te heru
māpara**

Ko te Heru hāpainga
o te tangata,
ko te Heru Māpara

If you're a team leader, manager or supervisor, this qualification will give you the comprehensive knowledge and skills you need to effectively manage the performance of your team.

You'll gain the expertise needed to apply sound leadership approaches and manage workflow. You'll learn practical techniques to manage operations, strengthen team performance as well as implementing tools to measure and monitor productivity for improving outcomes.

Each course includes a one-day workshop (three courses). Between workshops assessments will be completed. Can be run in the workplace for 10 or more participants.

Entry requirements

- Prospective students must be in employment or doing volunteer work, which includes the supervision of others in order to be able to evidence the assessment requirements. Applicants may be required to attend an interview to ascertain their suitability for the programme.

New Zealand Diploma in Business with strands in Accounting or Leadership and Management (Level 5)

New Plymouth

Full-time: 1 year
Part-time: Available

See website for start dates
and programme fees

On successful completion of this qualification you will be eligible to move into the second year of the Bachelor of Applied Management.

Complete the one year New Zealand Diploma of Business (Level 5) and pathway into the second year of one of these degrees: Bachelor of Accounting OR Bachelor of Applied Management.

Entry requirements

- NCEA Level 2; or
- Equivalent knowledge, skills, work experience or study.

Bachelor of Applied Management (Level 7)

New Plymouth

Full-time: 3 years
Part-time: Available

See website for start dates
and programme fees

Let our industry-experienced tutors equip you with the skills and knowledge needed to succeed in the dynamic and changing environment that managers operate in New Zealand and Internationally. You will develop best practice knowledge and expertise as well as emerging innovative and entrepreneurial business models relevant to sustainable global economies. You will gain an understanding of multicultural influences on business operations.

Entry requirements

- New Zealand University Entrance; or
- Equivalent knowledge, skills, work experience or study.

I've always been an artist, but I needed help with knowledge, networking and technical skills to elevate my practice to a professional standard. Fun and curiosity are key in this subject - learning often happens through play and experimentation.

My tutors have all been extremely encouraging, connecting me to new opportunities.

I hope to get a job in a creative field, where I can use my strengths in a challenging way. Most importantly, I hope my art will be of a high enough standard to be involved with artist residencies and show art in galleries.

Bobi Harvey – Arts and Design

**Ngā Toi me te
Whakahoahoa (Auaha)
Arts and Design (Creative)**

ARTS AND DESIGN

New Zealand Certificate in Arts and Design (Level 4)

Online

Full-time: 2 years
Part-time: Available

See website for start dates
and programme fees

Learn the essential theoretical knowledge, skills and aptitude required to enter employment in architectural technology. You'll be able to design residential and commercial building projects through all stages to completion under the supervision of a more experienced practitioner relevant to your area of expertise.

Entry requirements

- A minimum of 50 NCEA credits at Level 2 and a minimum of 12 credits in NCEA mathematics (or Pangarau) Level 1 and 12 Literacy credits at NCEA Level 1; or
- Equivalent knowledge, skills, work experience or study.

CONSTRUCTION

New Zealand Diploma in Construction (Level 6) with strands in Construction Management and Quantity Surveying

Online

Full-time: 2 years
Part-time: Available

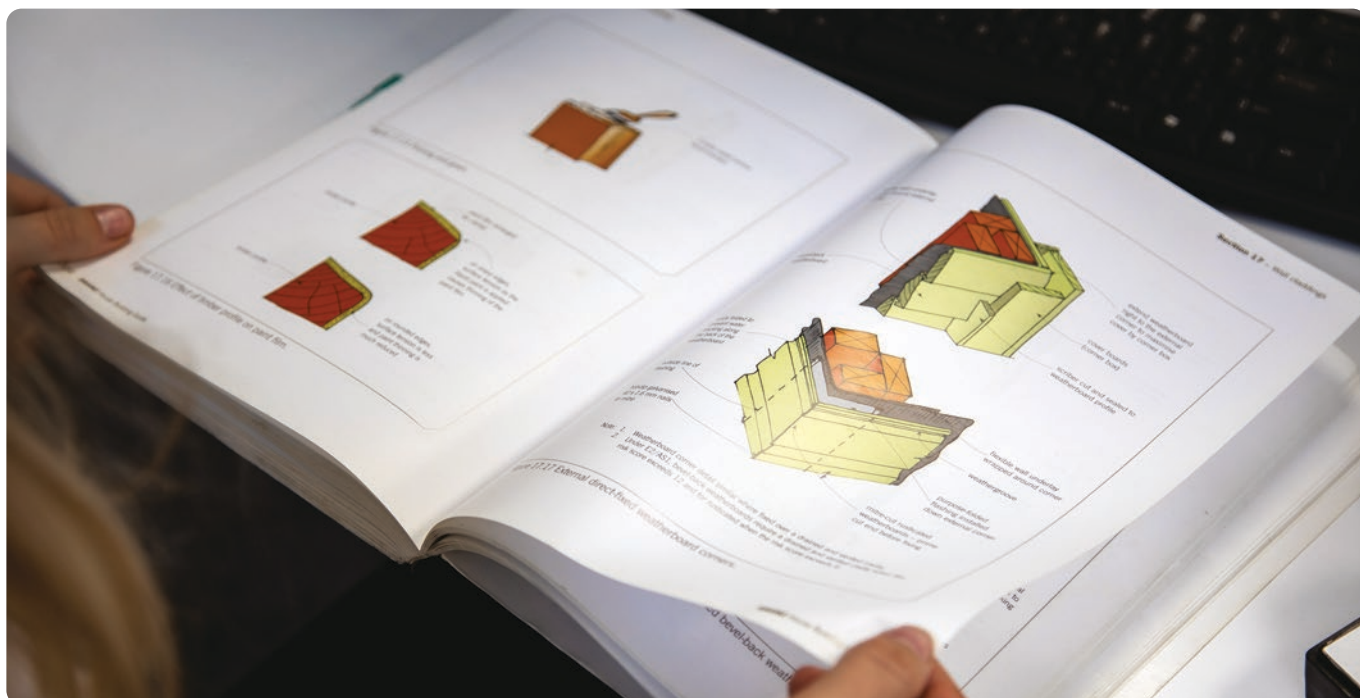

See website for start dates
and programme fees

This qualification provides the construction industry with qualified people who have the essential theoretical knowledge, skills and aptitude required to enter employment in construction management or quantity surveying. You'll be able to work on residential and commercial building projects through all stages to completion under the supervision of a more experienced practitioner relevant to your area of expertise.

Entry requirements

- NCEA Level 2 including 12 credits in mathematics (excluding statistics) and a minimum of 12 Literacy credits at NCEA Level 1; or
- Equivalent knowledge, skills, work experience or study.

Pūkaha me te Pūngao
Engineering and Energy

Introductory Engineering Mathematics Micro-Credential (Level 3)

Off Campus

Part-time: 20 weeks

See website for start dates and programme fees

Learn introductory mathematics skills and gain the knowledge to meet the entry criteria for the New Zealand Diploma in Engineering, or for those who need a maths refresher to get the mathematics skills and application you need.

Entry requirements

- NCEA Level 1 and must include NCEA Level 1 requirements for Literacy and Numeracy; or
- Equivalent NZQCF Unit Standards

New Zealand Certificate in Electrical Equipment in Explosive Atmospheres (Level 4)

New Plymouth and in-house training throughout New Zealand

Part time: 5 day course plus self-directed learning

See website for start dates and programme fees

Ensuring workplace safety in potentially explosive environments from the presence of gases, vapours, dusts and flammable materials is the key purpose of this qualification.

This qualification is designed for electricians, instrument technicians, mechanical and process workers who need to meet safety regulations in hazardous areas, now referred to as 'explosive atmospheres'.

Entry requirements

- Must be a registered electrician, electrical engineer, or service technician, or hold a relevant Level 4 qualification
- Applicants may be accepted if they are currently working towards a qualification or have relevant industry experience
- See website for more details or contact programme co-ordinator.

 New Zealand nziht
School of Engineering, Energy and Infrastructure

NZIHT is part of the Western Institute of Technology at Taranaki (WITT), and is the leading provider of Civil Engineering, Infrastructure, Energy and technical skills training in New Zealand. Based in Taranaki but reaching learners across Aotearoa.

From left to right: Erica, Lisa, Jan, Bec, Jill

New Zealand Diploma in Engineering (Civil) (Level 6)

Off-campus

Part-time: Delivered via block courses and supported distance learning

See website for start dates and programme fees

Become a skilled and competent engineering technician and be able to apply skills relevant to the industry. Civil engineering roles include working on roads, railways, airports, water supply, drainage, wastewater disposal, bridges, dams, multi-storey buildings, tunnels and other public works.

Entry requirements

- NCEA Level 2 including 12 credits in mathematics; or
- Equivalent knowledge, skills, work experience or study.

Hazardous Areas Theory Micro-credential Level 4

New Plymouth and in-house training throughout New Zealand

3 days

See website for start dates and programme fees

Provides students with the theoretical knowledge to apply the necessary principles, procedures, and statutory requirements to safely enter and operate in an explosive atmospheres site.

Entry requirements

Experienced personnel that work, or have worked on hazardous sites including those that do not hold a current electrical licence. Not for beginners.

SOLAR ENERGY

With climate change being a huge environmental issue worldwide, clean energy to power communities is needed. Solar can help lower our carbon footprint and can make a huge contribution to the environment's health.

It is essential that electrical workers involved with these systems fully understand their operating theory and safety requirements to both design and install safe and effective systems as well as fault-find and maintain existing systems.

Options include:	Description	Duration
Grid-connected battery storage systems (Micro-credential) (Level 4) *	Explore grid-connected battery storage systems, delving into design, installation, and maintenance, gain the skills to navigate solar energy technology.	3 days
Grid-connected photovoltaic systems (Micro-credential) (Level 4)*	Dive into grid-connected photovoltaic systems, covering design, installation, and maintenance, harness solar energy effectively in residential and commercial settings.	3 days
Stand-alone power systems (Micro-credential) (Level 4)*	Understand stand-alone power systems. Learn design, installation, and maintenance and implement sustainable energy solutions beyond traditional grid connections.	3 days

* Offered in Design and Installation, or Design-only options. Endorsed by SEANZ and EWRB approved for Mains Parallel Generation Systems Endorsement.

I've always had a strong passion for sport, fitness, and athletic performance, so studying at WITT gave me the opportunity to learn from people already working in the industry.

I'm proud of being able to study alongside adults while still being a young student myself. At 17, I am learning in an environment that challenges me to step outside my comfort zone and develop my confidence.

I enjoy the supportive environment and the practical learning opportunities. My tutors have been a big part of my journey.

Clyde Hart – Exercise

Te Kori Tinana me Ngā Hākinakina

Exercise and Sport

Certificate in Exercise (Level 4)

New Plymouth

Full-time: 1 year

Part-time: Not available

See website for start dates
and programme fees

This practical, industry-focused programme combines two qualifications: the New Zealand Certificate in Exercise (Level 4) and the New Zealand Certificate in Freestyle Group Exercise (Level 4), giving you the skills and confidence to work in gyms, fitness centres, group exercise environments, or as an independent exercise professional.

Learn how to design and deliver safe, effective exercise programmes, apply exercise science and nutrition principles, lead engaging group fitness classes, and build the business and marketing skills needed to grow a client base.

Entry requirements

- Open entry.

Te Taiao me Ā-Waho
Environmental and Outdoor

New Zealand Certificate in Pest Operations (Level 3)

	New Plymouth
	Full-time: 1 semester Part-time: Not available
	See website for start dates and programme fees
	MPTT scholarships, to be confirmed

With New Zealand preparing to become predator-free by 2050, landowners are facing a massive shortage of trained pest control operators and this programme will give you the base skills and tools to get started.

You'll learn trapping and poisoning techniques for controlling rats, rabbits, stoats and ferrets (some of our most destructive animal pests), as well as methods for controlling pest plants. With a mix of theory and hands-on learning, you'll also cover topics such as animal physiology and welfare, personal safety in the outdoors, firearm safety and legislation.

Entry requirements

- Open entry.

New Zealand Certificate in Conservation (Operations) (Level 4)

	New Plymouth
	Full-time: 1 year Part-time: Available
	See website for start dates and programme fees
	MPTT scholarships, to be confirmed

Get the technical skills and gain practical conservation knowledge to carry out operational conservation work and provide sustainable stewardship of the environment while working respectfully with the Treaty of Waitangi, local iwi or hapū tikanga and kawa.

Entry requirements

- New Zealand Certificate in Pest Operations (Level 3); or
- NCEA Level 2; or
- Equivalent knowledge, skills, work experience or study.

Regulatory requirements apply.

New Zealand Diploma of Environmental Management (Level 5)

	New Plymouth
	Full-time: 1 year Part-time: Available
	See website for start dates and programme fees

Become a skilled and competent environmental researcher and resource management employee and be able to apply skills relevant to the conservation industry.

Entry requirements

- New Zealand Certificate in Conservation (Operations) (Level 4)
- NCEA Level 3; or
- Equivalent knowledge, skills, work experience or study.

Jayden enjoys being part of the Skills for Living programme at WITT because it gives him opportunities to learn new skills, spend time with his friends, and help others. He values the positive friendships he has built through the programme.

One of Jayden's goals for the future is to find employment. He enjoys working and helping other people and is developing the skills and confidence needed to achieve this goal.

Jayden says his tutor has played an important role in supporting his learning and personal growth.

You will focus on developing core skills to help you achieve in your career or study plans including strong strategies for learning, academic writing, referencing and digital literacy.

Entry requirements

- Open entry.

I did the barbering trades course last year and I fell in love with the craft. I wanted to do the full-time course and become a qualified barber.

I get to do what I'm passionate about - cutting hair and improving my barbering skills every day. I enjoy the relationships I've built with my classmates, tutors, and clients.

Meeting new people and helping clients feel confident after a cut makes the course rewarding. I want to travel the world seeing places I've heard stories about while doing something I love.

Will Thomas - Barbering

me te Whakapai Ahua**
Hair, Beauty and Makeup

New Zealand Certificate in Hairdressing (Level 3)

	New Plymouth
	Full-time: 1 year Part-time: Not available
	See website for start dates and programme fees
	Eligible for Youth Guarantee
	MPTT scholarships, to be confirmed

This qualification is the beginning of your hairdressing career as you gain knowledge to communicate and interact with clients, understand salon culture and specific industry terminology; including reception duties, salon support, elementary styling tasks, including blow drying, setting and long hair ups and basic cutting skills and colour treatments. This programme is delivered three days per week. You are also required to complete a minimum of 80 hours of work experience in the hairdressing industry.

Entry requirements

- Open entry.

New Zealand Certificate in Hairdressing (Professional Stylist) (Level 4)

	New Plymouth
	Full-time: 1 year Part-time: Not available
	See website for start dates and programme fees

Enhance your creativity and pursue your career as a hair stylist. In this programme you will learn the art of becoming a hairdresser and stylist. You will gain plenty of practical experience in our campus salon Industrie, preparing you for the workforce. This programme is delivered three days per week. You are also required to complete a minimum of 100 hours of work experience in the hairdressing industry.

Entry requirements

- New Zealand Certificate in Hairdressing (Level 3); or
- An equivalent qualification as per programme regulations.

New Zealand Certificate in Commercial Barbering (Level 4)

	New Plymouth
	Full-time: 1 year Part-time: Not available
	See website for start dates and programme fees

The purpose of this qualification is to provide the barbering industry with qualified barbers who can work independently as standalone operators in a commercial environment. Graduates will be recognised by industry as qualified barbers. They will also be capable of contributing to barber shop operations when required.

Entry requirements

- 40 credits at NCEA Level 1, including 10 Literacy credits and 10 Numeracy credits; or
- a relevant qualification at NZQCF Level 2 or above; or
- a recognised equivalent

My mum has been a huge inspiration – she’s a hairdresser and studied at WITT. I took the beauty path instead because I find this industry so rewarding. The difference you can make in someone’s day even just with a 15-minute appointment is amazing.

The most enjoyable part has been learning how to use the facial machines on different clients and their skin types. The science behind how these machines can benefit different skin types is so interesting.

I’d love to travel and work overseas with the help of my CIDESCO international diploma.

Melah Jordan – Beauty Therapy

MAKEUP AND SKINCARE

New Zealand Certificate in Skin Care and Cosmetics (Level 3)

New Plymouth

Full-time: 1 semester
Part-time: Not available

See website for start dates
and programme fees

Eligible for Youth Guarantee

Learn about skincare, professional practices, makeup application and build your product knowledge in this one trimester programme. This will help prepare you for a higher level of study in either makeup artistry, beauty therapy or go straight into employment.

You will learn to create and present perfect dishes with flair and creativity, using fresh ingredients and complex cooking techniques.

Entry requirements

- New Zealand Certificate in Cookery (Level 3); or
- New Zealand Certificate in Bakery (Level 3); or
- Equivalent knowledge, skills, work experience or study.

I decided to study Te Kaupae 1 in Te Reo Māori because I want my kids to grow up knowing, hearing, and understanding their language and culture.

I've enjoyed how welcoming and supportive the environment has been. I've loved learning new kupu (words) and phrases that I can use day-to-day. My confidence is slowly growing.

Everyone at WITT has been super approachable and understanding, which makes balancing study alongside everything else feel less overwhelming. There's a real sense of tautoko and manaaki, so showing up and being fully present is a lot easier.

Lateisha Graham – Te Reo Māori

Mātauranga Māori

Learn to speak te reo Māori in a safe, fun and supportive class environment with an interactive learning style. Focus is placed on being able to converse with confidence. Classes are a mix of one session a week and weekend wānanga.

New Zealand Certificate in Te Reo (Rumaki, Reo Rua) (Kaupae 1)

New Plymouth

Part-time: 1 year

See website for start dates and programme fees

Learn the basic language skills required to communicate in te reo Māori with support, in familiar everyday contexts. Classes are fun, supportive and interactive and designed to give you confidence in your new reo skills. You will be able to contribute positively to the development of te reo kia tika, kia rere, kia Māori.

Study includes a two-day Noho Marae and one day Wānanga.

Entry requirements

- Open entry.

New Zealand Certificate in Te Reo (Rumaki, Reo Rua) (Kaupae 2)

New Plymouth

Part-time: 1 year

See website for start dates and programme fees

Extend your te reo Māori skills and learn to communicate, with support, in familiar everyday contexts, and in Māori environments where you feel comfortable. You will be able to contribute positively to the development of te reo kia tika, kia rere, kia Māori.

Study includes a two-day Noho Marae and one day Wānanga.

Entry requirements

- New Zealand Certificate in Te Reo (Rumaki, Reo Rua) (Level 1) or equivalent.

Te Mahi Nēhi me te Hauora
Nursing and Health

New Zealand Certificate in Health and Wellbeing Healthcare Assistance Strand (Level 3)

	New Plymouth
	Full-time: 17 weeks Part-time: Not available
	See website for start dates and programme fees
	MPTT scholarships, to be confirmed

Do you want to make a difference and help others? In this 17-week programme you will learn the skills to care and support people, family/whānau and the wider community. You will learn how to recognise and respond to signs of vulnerability and abuse in a health or wellbeing setting and demonstrate ethical and professional behaviour in a health or wellbeing setting. Graduates will be able to provide person-centred care under the direction and delegation of a health professional.

Students are required to complete 124 hours in work placement throughout the duration of the programme. Competency for many of the programme's assessments will typically be demonstrated in a workplace environment. To pass each course, the work placement component must have been met.

Entry requirements

- Open entry. Regulatory requirements apply.

New Zealand Certificate in Health and Wellbeing (Social and Community Services) with strand in Mental Health and Addiction Support (Level 4)

	New Plymouth
	Full-time: 1 year Part-time: Not available
	See website for start dates and programme fees

Learn to work alongside people, family and/or whānau in a mental health addiction setting and support autonomy by using tools and strategies to foster hope, support recovery and build resilience.

This course is delivered three days per week on campus. 200 work placement hours are completed in the second semester.

Entry requirements

- Open entry.

Regulatory requirements apply.

New Zealand Diploma in Enrolled Nursing (Level 5)

New Plymouth

Full-time: 18 months
Part-time: Available

See website for start dates
and programme fees

If you'd like to gain a formal qualification in nursing, this 18-month diploma programme will equip you with the theory and clinical nursing practice required to apply for registration as an enrolled nurse with the Nursing Council of New Zealand. Your study comprises of a combination of theory, practice in simulated environments, and clinical placements in different healthcare settings. Practice your skills in different nursing contexts such as rehabilitation, acute care, and mental health while studying the fundamentals of nursing and the human body.

Students will complete 700 clinical hours during the programme.

Entry requirements

- NCEA Level 2 which must include:
 - 10 credits in Level 1 Mathematics/or Numeracy,
 - 12 credits in Level 2 Science rich subjects OR
- New Zealand Certificate in Study and Employment Pathways (Level 4); or a recognised equivalent (Bridging or Pre-Health)

For examinations other than NCEA (e.g. International Baccalaureate, Cambridge Examination), applications will be assessed for academic entry equivalency.

Bachelor of Nursing (Puahou Tapuhi o Aotearoa) (Level 7)

New Plymouth

Full-time: 3 years
Part-time: Available for individual students

See website for start dates and programme fees

The Bachelor of Nursing equips you with the necessary knowledge base, practical skills and attitudes to work safely, effectively and productively with clients within a healthcare setting. With 1000 hours of clinical placement you will learn the value of optimising the physical, mental and social wellbeing of people and their communities, promoting balanced lifestyles and supporting people to realise their full potential. On successful completion of the Bachelor of Nursing degree, students are supported through the process of registration with the Nursing Council of New Zealand.

Entry requirements

- New Zealand University Entrance which must include 14 credits at Level 3 in:
 - English or an approved literacy subject
 - Biology, physical education or chemistry
 - One other subject from the list of approved subjects; or
- New Zealand Certificate in Study and Employment Pathways (Level 4) at WITT; or equivalent. Regulatory requirements apply.

Regulatory requirements apply.

New Zealand Certificate in Organic Primary Production (Level 4)

New Plymouth

Part-time: 1 year

See website for start dates
and programme fees

If you have experience or an interest in the organic primary sector this part-time programme will give you the skills and knowledge to develop and monitor a production plan that complies with relevant organic standards, for either crop or livestock production. Graduates will be able to work in a self-managed capacity and may have some responsibility for the performance of others.

Entry requirements

- NCEA Level 2; or
- Equivalent knowledge, skills, work experience or study.

Being able to build a house on campus is amazing! I find hands-on the best and easiest way for me to learn.

I chose to study at WITT because I know carpentry is what I want to do with my life. As a 16-year-old, I'd struggled to find a workplace to employ me in this sector. Being at WITT has significantly improved my skills, knowledge and confidence.

Stacey Hill, our tutor, has taught me so much - like not to second guess my self and to find my own way to fix problems before going to him.

This course was exactly the next step I needed to take in my building journey. In a few years' time I want to be a qualified commercial builder.

Abigail Wallis - Carpentry

Ngā Mahi Ringa Raupā Trades

AUTOMOTIVE

New Zealand Certificate in Automotive Engineering (Level 3)

MECHANICAL ENGINEERING (WELDING AND FABRICATION)

New Zealand Certificate in Mechanical Engineering (Level 3)

New Plymouth

Full-time: 1 year
Part-time: Not available

See website for start dates and programme fees

Eligible for Youth Guarantee

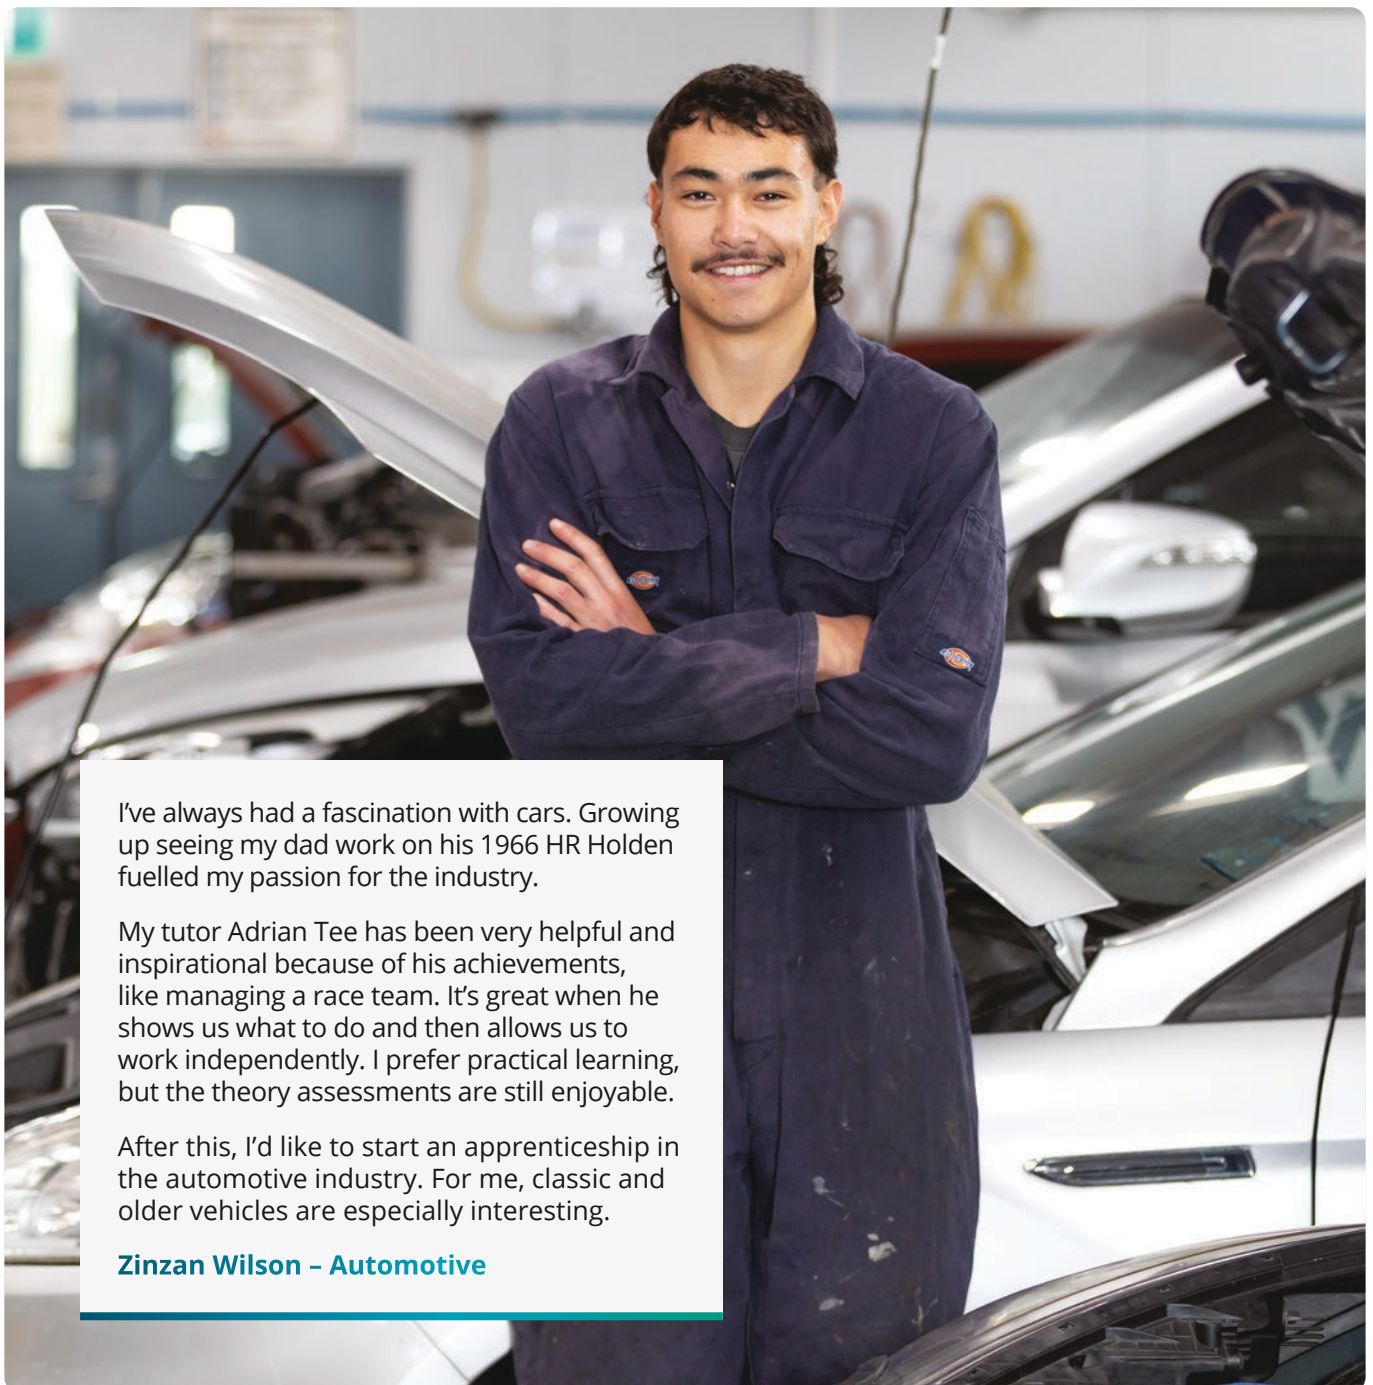

MPTT scholarships, to be confirmed

This qualification aims to give you basic workplace skills for mechanical engineering, welding and fabrication and related trades. It may be used as the first stage of an apprenticeship or further training.

Entry requirements

- NCEA Level 1 with 10 credits in Numeracy (algebra, trigonometry, measurement recommended) and 10 credits in Literacy; or
- Be able to demonstrate equivalent knowledge and skills.

I've always had a fascination with cars. Growing up seeing my dad work on his 1966 HR Holden fuelled my passion for the industry.

My tutor Adrian Tee has been very helpful and inspirational because of his achievements, like managing a race team. It's great when he shows us what to do and then allows us to work independently. I prefer practical learning, but the theory assessments are still enjoyable.

After this, I'd like to start an apprenticeship in the automotive industry. For me, classic and older vehicles are especially interesting.

Zinzan Wilson – Automotive

PLUMBING, GASFITTING AND DRAINLAYING

New Zealand Certificate in Plumbing, Gasfitting and Drainlaying (Level 3)

 New Plymouth

 Full-time: 1 semester
Part-time: Not available

 See website for start dates and programme fees
