

# Registered Nurse Praxis: Preceptor Role Development

## Domestic Fees

\$164

2025 fees to be confirmed

## Duration

1 day (9am - 1pm)

[witt.ac.nz](http://witt.ac.nz)

This course is designed for Registered Nurses who would like to build upon current preceptor knowledge and develop specific skills in preceptoring, including giving feedback.

This course is for Registered Nurses who want to develop their skills in the assessment and teaching of undergraduate students in the clinical setting.

It is designed to build upon their current knowledge and help them in developing specific skills in precepting. These include assessing a student needs, assessment against the New Zealand Nursing Council competencies and giving constructive feedback.

The course is facilitated by a member of the Nursing Lecturer team and consists of participation in a half day workshop and then a series of written reflections.

The course takes four weeks to complete and includes 3.5 face to face hours and 4.5 hours on line.

## Workshops

Tuesday 28 May

Wednesday 6 November
